

## GLOBAL ECOPOWER WELCOMES ITS NEWEST SHAREHOLDER, THE PORTFOLIO MANAGEMENT COMPANY MCA FINANCE, THROUGH RESERVED CAPITAL INCREASE

Aix-en-Provence, February 21, 2017.

**Global EcoPower (GEP) announces it has opened its capital to the portfolio management company MCA FINANCE, through a reserved capital increase. On February 17, 2017, GEP issued 180,000 new shares in favor of UCIs managed by MCA FINANCE and more particularly the UCITS MCA Entreprendre PME at an issue price of € 2.80 representing a fund raising of € 504,000. This limited capital increase is part of the strategy of MCA FINANCE, "our investments are above all a history of people and trust".**

Pursuant to the delegation of authority granted by the Combined General Meeting of June 10, 2016 (16<sup>th</sup> resolution), the Board of Directors, at its meeting of February 13, 2017, decided to increase the capital by a nominal amount of € 504,000 through the issuance of 180,000 new GEP shares without preferential subscription rights for the benefit of the UCIs of the portfolio management company MCA FINANCE.

This transaction results in the issuance of 180,000 new shares at a unit price of € 2.80, for a total amount of € 504,000 (including the issue premium), fully subscribed by the UCIs and more particularly the UCITS MCA Entreprendre PME managed by MCA FINANCE. The new shares issued are comparable to existing shares and have been admitted to trading on Alternext Paris since February 17, 2017. Following this transaction, GEP's share capital amounted to € 1,865,313.78 divided into 5,652,466 shares, listed on the Paris Alternext market.

Post-transaction, the UCITS MCA Entreprendre PME now holds 2.22% of the capital and voting rights. As an indication, the participation of a shareholder holding 1.0% of the share capital of the company prior to the issue now corresponds to 0.968%.

The proceeds from this capital increase will be used to strengthen the potential of GEP to acquire "ready to build" projects, pending the establishment of financing.
