

REQUEST FOR INFORMATION FROM SOME SHAREHOLDERS ON THEIR EFFECTIVE STAKE IN THE CAPITAL OF GLOBAL ECOPOWER

Aix-en-Provence (France), December 29, 2017. Global EcoPower (Euronext Growth - FR0011289198 - ALGEP) has implemented measures to find out the precise level of the stakes effectively held by some of its shareholders.

GEP considers that the information on the participation of some shareholders currently available to the company, compared with previous information provided by them, has made it wonder about the precise amount of their shareholdings. These elements could lead to the possibility that some shareholders, alone or acting in concert, may have an effective interest different from that declared to the company.

For this reason, GEP has decided to implement procedures, and an independent third party has been mandated in this respect, in order to have a clear, precise and exhaustive view of the company's shareholding.

GEP will inform by press release as soon as clarifications on this situation are available.
